

## INSIDER GUIDE TO WHAT'S NEW, TREND AND FUN ACROSS THE CITY OF ST. PETERSBURG

Welcome to St. Petersburg! These Insider's hints are highlighting the most vibrant events for music, fashion and design in town, so you get in the know of what happens in and outside the house during your stay.

### ASSEMBLING THE FUTURE

Contemporary art is closely linked with the technology and philosophy, since it tends not only to capture the current view of the world, but also to foresee its future, opening a door to parallel world of tomorrow.

Must-see LEXUS HYBRID ART. ANTICIPATION features the brightest and most powerful contemporary artists and designers with the headliner Douglas Coupland, Canadian who created the cult 'Generation X' book.

Push the boundaries to escape into interactive art and post dramatic theatre. Be in the center of large-scale experiment of collective future, driven by digital present and the brand new prospects.

Stop by St Petersburg's Manege Central Exhibition Hall, 12- 25 October 2016.

### RUSSIAN LACE

You're invited to open the pop-up display 'Russian Lace' by Dmitry Zhukov and ART re.FLEX Gallery - just next to you, Living Room - October, 20.

Attempting to perceive the

traditional embroidery and seeing lace as a specific graphic language, the artist captures the cultural code for identity.

While the humanity is dwelling in the illusion of the material, we miss the true consciousness that possess water, rocks, and trees. Biological life is too short, so it seems to be an instance for rocks and an hour for the woods.

Russian Lace ties to deliver the image of the past times in 3D volume combining both, graphics and sculpture form.

### FASHION FORWARD

Fuel your glow and take up the front - it's show time. The mission of SPBFW SS'2017 / St. Petersburg Fashion Week is to promote local fashion start-ups and education. 20+ collections by the emerging designers, students and post-graduates, commercial brands and honorary guests will be showcased at New Stage of Aleksandrinsky Theatre, October, 6 - 9.

### LONDON VIBE

With its sophisticated electronics, Morcheeba always enjoys the full houses in different parts of the world, not mentioning Russia. One of the members together with Ross on vocals joined their efforts for the new material and best of group's repertoire on tour. This fall the duo is releasing the album, and perform the new tracks live October 3 in A2 Club.

### ELECTRONIC ART

Artem Pivovarov creates a universe in between the space and ocean, making hearts sink. Explore a young, bold and talented artist, who continues to develop the concept of modern electronic pop music composed of funk, neo-disco and soul in Aurora Concert Hall - October, 20. This spacious stage and powerful sound system, alongside the light and video will make this show and unmistakable choice.
